

UMANG CHAURASIA

umangc.2000@gmail.com | +91 74151-66783

PROFESSIONAL SUMMARY

- ❖ Motivated MCA candidate with hands-on experience in front-end development and Python programming. Skilled in creating responsive web interfaces, developing secure applications, and solving complex problems. Strong foundation in Cyber security and project management, seeking to contribute technical expertise and creativity to innovative projects.

EXPERIENCE/INTERNSHIP

- ❖ **Supersourcing** | *Front-End Dev Intern* May. 2024 – Present
Assist building web interfaces, learn from experienced devs. (HTML, CSS, JS)
- ❖ **InternPe** | *Python Programming Intern* July 2023 – Aug. 2023
Aspiring Python Programmer with InternPe experience, skilled in clean code and project collaboration.

PROJECTS

- ❖ **Weather Forecasting** | *HTML, CSS and JS*
Developed a weather forecasting application using HTML, CSS, JavaScript, and an external weather API. The app provides real-time weather updates, including temperature, humidity, and weather conditions, based on user location input.
- ❖ **Myntra Functional Clone** | *HTML, CSS and JS*
Developed a functional clone of Myntra using HTML, CSS, and JavaScript. This project involved creating a responsive and user-friendly interface, simulating key features such as shopping cart.
- ❖ **Random Password Generator** | *HTML, CSS and JS*
Created a tool using HTML, CSS, and JavaScript that generates secure, random passwords. This project includes customizable options for password length and character types (letters, numbers, and symbols) to enhance security.
- ❖ **A Chatbot** | *Python*
Our chatbot, built with Python and advanced libraries, solves real-life complex problems. It adeptly answers queries, provides recommendations, and engages in meaningful conversations using sophisticated algorithms.
- ❖ **Slow Learner Fast Learner** | *HTML, CSS and JS, php, SQL*
Implemented a project that demonstrates the differences between slow and fast learners. Utilized HTML, CSS, and JavaScript to create interactive features that illustrate various learning speeds and methods.

EDUCATION

- ❖ **Master of Computer Application** | *Amity University, Gwalior* CGPA: 8.41 | August 2022- June 2024
- ❖ **Bachelor of Science** | *Maharaja Chhatrasal Bundelkhand University* 64 % | 2019-2022

TECHNICAL SKILLS

- ❖ **HTML, CSS, JavaScript**
- ❖ **Python**
- ❖ **C++**
- ❖ **Cyber Security**
- ❖ **SQL**

KEY SKILLS

- ❖ Good analytical and problem-solving skills
- ❖ Good at Project Management
- ❖ Creative Spirit, Organized and Fast learner

CERTIFICATION

- ❖ Ethical Hacking Certification Course
- ❖ CSS3 Ultimate Guide
- ❖ Python Programming for Beginners – Practical & In Real-Time
- ❖ 2023 Cyber Security Bootcamp: The Ultimate Beginner's Course
- ❖ Penetration Testing Unveiled: Ethical Hacking & Pentesting
