UMANG CHAURASIA

📞 +91 74151-66783   ✉ umangc.2000@gmail.com   🔗 Portfolio   📍 Pune

SUMMARY

Motivated post-graduate with strong skills in programming and front-end development in **HTML, CSS, Javascript, React, and Bootstrap**. Skilled in building scalable applications and creating responsive web interfaces for optimal frontend development. Also has a background in **operating systems** and **networking**, ensuring that problems are solved easily. Looking forward to collaborating with dynamic teams like Amazon.

SKILLS

- **Programming Languages**
  HTML | CSS | JavaScript | Python | C++ | SQL | React | Bootstrap

- **Operating Systems and Networking**
  Operating System | Troubleshooting | Database | Linux| Networking (TCP/IP, DNS)

WORK EXPERIENCE

Supersourcing | *Frontend Dev Intern*   May 2024 – Nov 2024
- Designed responsive web interfaces with HTML and CSS
- Optimized **frontend development**, collaborating with senior developers and applying **problem-solving skills** to implement best practices

PROJECTS

- **My Portfolio**
  Designed and launched a responsive personal portfolio website with HTML, CSS, and Javascript to effectively showcase skills, projects, and achievements, resulting in a visually appealing and professional online presence.

- **Random Password**
  Designed a secure password generation tool using HTML, CSS, and JavaScript, and enhancing user safety with options for password length and character types (letters, numbers, and symbols).
